In some cases, this style of management can move a business towards its goals rapidly and can fight through a challenging time. If the manager has a great personality, experience and exposure, the decisions made by him or her could be better than collective decision making. On the other hand, subordinates may become dependent upon the manager's decisions and may require thorough supervision ...

[Managing Partnerships and Strategic Alliances Overview ...](#)

Most strategic plans focus on one or two above elements of strategy diamond, often leaving large gaps in the overall strategy. When the five elements of strategy are aligned and mutually reinforcing, the firm is generally in a position to perform well. High performance levels, however, ultimately mean that a strategy is also being executed well. This leads to strategy implementation.
